VIDA is the first gig-speed community in San Antonio. VIDA's private microfiber network provides higher speeds at a lower cost. By providing network access to the entire VIDA Homeowners Association (VIDA HOA), residents all enjoy high-quality 1G internet for the lowest price.

Payments for internet will be made monthly to the VIDA HOA, via ACH.

(VIDA HOA assessment will be billed separately).

- ACH payment agreements are provided at closing to facilitate monthly payment. Additional services through Centric Fiber will be billed separately.
- Private VIDA fiber internet network with no data caps
- Your VIDA home comes pre-connected with high speed internet (1G standard, option to increase to 10G)
- Installation includes all equipment and connection instructions
- Dedicated customer service – VIDA residents have a dedicated Centric GigaGuide, ready to help.
- Optional services available through Centric Fiber (VOIP telephone, etc.) for additional cost
